

“If you are going to buy just one book in this presidential election year, you might want to consider this one....”

This is a book that **manages to be entertaining and irreverent** while serving as an informative primer on a subject that is crucial to the future of all Americans... And they **enliven their narrative** with references to the Rolling Stones, the Barenaked Ladies, 'Seinfeld' and *It's a Wonderful Life*."

—*New York Times*
