

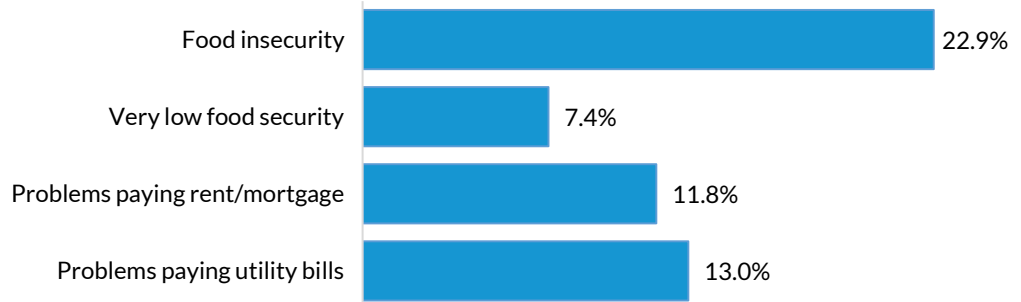

FIGURE 1

Share of Parents Ages 18 to 64 Living with a Child Under 6 Experiencing Material Hardship in the Past 30 days, September 2020

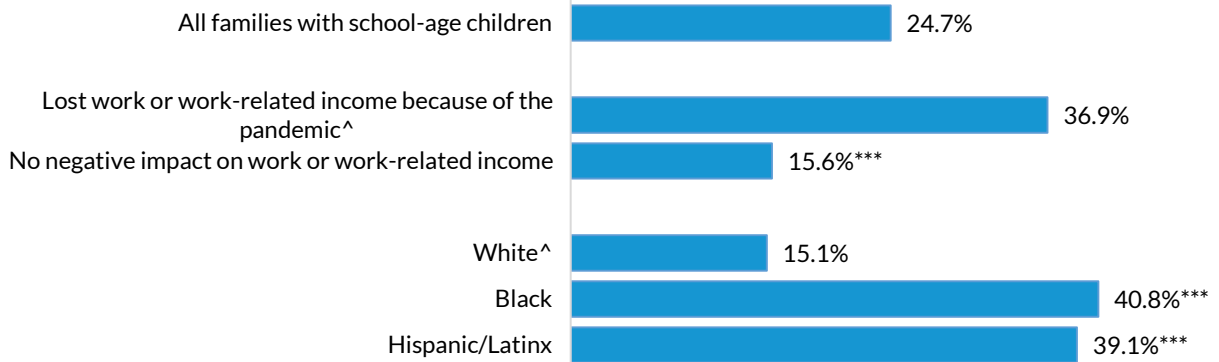

URBAN INSTITUTE

Sources: Urban Institute Coronavirus Tracking Survey, wave 2, conducted September 11–28, 2020.

FIGURE 2

Share of Families with School-Age Children Who Experienced Household Food Insecurity in the Past 30 days, September 2020

URBAN INSTITUTE

Sources: Urban Institute Coronavirus Tracking Survey, wave 2, conducted September 11–28, 2020.

Notes: School-age children are ages 6–18. Survey respondents are ages 18–64. Race/ethnicity is for the parent responding to the survey. Other race, which includes non-Hispanic adults who are not Black or white or are more than one race, are suppressed from tables due to insufficient sample size.

*/**/*** Estimates differ significantly from reference group (^) at the 0.10/0.05/0.01 levels, using two-tailed tests.
